The Ladies of
Lach
Sherwood
Kameron Nesen and Aurora Gabriele Murdock

MEET THE CELTIC SOULS WHO WISH TO BRING MAGIC TO SHERWOOD FOREST THIS ST. PATRICK’S DAY!

Celtic Kameron: From the tender age of six months, Kameron Nesen was already in the spotlight. Being a member of SAG/AFTRA she was featured in several television spots and modeling campaigns from General Motors, Robinson’s May, Johnson & Johnson, to starring alongside John Travolta in the television series “Welcome Back Kotter.” She also played leading roles in “Bye Bye Birdie,” “Grease” and Neil Simon’s “Odd Couple” at Westlake High School as well as performing in ACA under the infamous Mr. Rose.

Kameron attended Pepperdine University in Malibu, receiving a B.A. in Advertising with a minor in Musical Theater. After studying overseas and attending the Royal Academy of Dramatic Arts, she performed in the Fringe Festival receiving 4 stars in the “Royal Scotsman.” This was the inspiration and turning point where she developed her newfound love for Celtic folklore and music.

Kameron continued her education with the UCLA Writer’s Program and has since been writing, producing and recording. With the release of her album, *Celtic Rebirth* the use of traditional lyrics integrated with contemporary score resulted in a splendor of sounds, creating a fresh perspective on ancient poetry and verse.

For the past 20 years, Kameron has been working in the health and wellness industry (QueenofMedia.com). She has supported the family business at California Health & Longevity Institute at Four Seasons Hotel in Westlake Village (CHLI.com) for almost 10 years promoting new and innovative programming. She recently became certified in *Voice Analysis Harmony* from The Globe Institute of Music and Production in San Francisco, CA and has integrated her musical background with several healing modalities. Kameron offers

voiceprint analysis and helps facilitate seminars and retreats focused on the reduction of anxiety, OCD, ADHD, stress, insomnia and other illnesses (CelticKameron.com).

Kameron spends her free time traveling with a focus on the UK and Ireland as she has always been romanced by Celtic legend and lore (secretly obsessed with “Peaky Blinders” and “Outlander”). Her goal is to expand her work internationally and to continue inspiring those to find their inner voice. She is a licensed falconer, proud Airedale Terrier owner (SherwoodTerriers.com) and a full-time mom/zookeeper (current pets include an Airedoodle puppy, Bearded Dragon, Fischer’s Lovebird and a full aquarium).

Aurora Gabriele Murdock

Nine-year-old Aurora is an animal lover, Irish dancer and musician. She also enjoys creative writing, painting and has an obsession with making TikTok videos.

Aurora began studying Irish dance under Coach Joell Poppen, TCRG at O'Connor School of Irish Dancing (OconnorSchool.com) in Kindergarten. The school competes in Feiseannas all over the United States and has brought home several first place trophies. Aurora competed in her first Feis last October, and will be performing several events with her troupe honoring St Patrick's Day (local Sherwood Lake Club members can see the dinner show performance on March 17th at 7:00pm). She tested for her hard shoes last Fall and enjoys performing with her best friends. Her goal is to trace her family roots and compete in Ireland one day in the future.

Like her mother, Aurora is also a budding musician and sings in traditional

Gaelic. When she grows up, she would like to become a vet (or exotic trainer) and run her grandfather's non-profit animal rescue program at Ventura Farms (VFrescue.org)

The mother/daughter duo traditionally spend St Paddy's Day baking Irish soda bread (recipe included) and watching all their Irish favorite films including "The Quiet Man", "Secret of Roan Inish", "Billy Elliot", "Once," "Waking Ned Devine," "A Shine of Rainbows" and "Song of the Sea" to name a few...Sometimes they have even spotted naughty Leprechauns along the wooded path in Sherwood Forest alongside several pots of gold at the ends of rainbows!
